Translator and Interpreter are unique and attractive jobs for those who want to see the world through the eyes of different

people. **Translation and Interpreting Studies** is a combination of comparative literature, cultural studies, computer science, history, linguistics, philosophy and rhetoric. English is the most widely spoken language in the world, therefore, translation and interpreting skills are becoming increasingly important.

A modern multicultural and multilingual society requires effective, efficient and sensitive communication between languages and cultures. This is important for the development of education and the economy of the country.

As part of the educational program "Translation and Interpreting Studies" you will meet highly qualified teachers who will teach you the most important skills for building a successful career in the future.

Our teachers are constantly developing and mastering new teaching methods and approaches to make the learning process more interesting and highly effective. Finally, the friendly atmosphere of the college and a large number of hobby groups allow you to spend your free time in the company of new friends, develop creative abilities, share experiences and help others with advice.
