COMPANY OVERVIEW

We are a growing logistics company specializing in freight transportation across the United States. With a strong commitment to integrity, efficiency, and excellence, we strive to build lasting partnerships, deliver reliable logistics solutions, and create long-term value for our customers and partners.

ABOUT US

Founded with a clear vision and strong commitment, Aravan Cargo continues to grow through professionalism, adaptability, and continuous improvement. As a company that connects countries and people through reliable logistics solutions, we constantly respond to the dynamics of the global market while maintaining high standards of quality, responsibility, and service excellence. Our success is built on strong teamwork, trust, and the dedication of every professional who contributes to our shared mission.

About the Company

since 2017 we are in the market

300 + vehicles in the fleet

4 000+ clients served per month

3 offices (Tashkent, Andijan, and Osh)

600 + active clients in the database

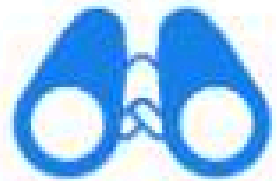

200 + employees

Mission, Vision, and Values

Mission

Solve delivery challenges to make life easier and people happier

Vision

To become the safest and largest logistics company in Central Asia
– trusted by clients, valued by employees and driven by innovation

Values

1. Integrity

We are honest and transparent with our clients, partners, and team. Trust is our foundation — we keep our word and do the right thing, always.

2. People First

Our people are our greatest asset. We build a strong, loyal, and motivated team that grows together and wins together.

3. Customer Focus

We put our clients at the center of everything we do. Their success is our success — we deliver more than cargo, we deliver satisfaction.

4. Reliability

We keep our promises. Our clients, drivers, and partners rely on us for timely, secure, and dependable service.

5. Safety & Quality

We never compromise on safety or service standards. We protect what matters — people, cargo, and reputation.

6. Innovation

We grow by challenging the old and embracing the new. To lead in logistics, we must constantly evolve — smarter systems, better solutions.
