

**Memorandum of Understanding
between
Osh technological university
and
Istinye University**

Preamble

To advance cross-cultural understanding, academic excellence, and international research and development; and to expand educational opportunities for students, faculty and staff, Istinye University and Osh technological university hereinafter referred to as the Parties, enter into this Memorandum of Understanding according to the terms and conditions that follow.

I. Purpose and Implementation

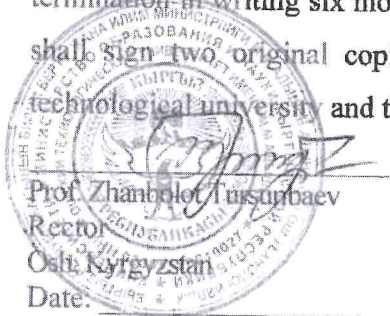

1. This Memorandum of Understanding acknowledges a mutual interest in cooperating to achieve shared objectives expressed herein.
2. This Memorandum of Understanding is not a legally binding document. It does not define a legal relationship between the parties and does not contain legally enforceable promises. Rather, it outlines the agreement the parties have reached, its objectives and its expectations.
3. To carry out activities of this Memorandum of Understanding, the parties will develop and put forth in writing a detailed agreement that includes financial stipulations.

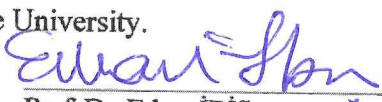

II. Content

1. Under this Memorandum of Understanding, the two parties agree to foster to their mutual benefit
 - research and development
 - student mobility
 - joint educational programs
 - academic personnel exchanges
2. Other areas for collaboration, not explicitly mentioned above, may be agreed upon by mutual consent of the Parties.

III. Commencement and Termination

This Memorandum of Understanding is effective immediately upon signature completion by the Parties. It remains effective for five years, subject to revision or modification accepted mutually by the signing Parties. It shall be renewed for the same period unless a notice of termination in writing six months in advance is given by either Party to the other. Each Party shall sign two original copies of this Agreement, one of which shall be kept by Osh technological university and the other by Istinye University.
