Four computer workstations arranged in a row against the back wall. Each workstation includes a monitor, keyboard, mouse, and a red chair. The monitors display various software interfaces.

Two computer workstations on the right side of the room. Each workstation includes a monitor, keyboard, mouse, and a red chair. The monitors display various software interfaces.

Two computer workstations on the left side of the room. One workstation has a laptop open, and the other has a monitor. Both include keyboards, mice, and red chairs.

A long wooden conference table in the foreground, surrounded by several red chairs. The table is empty and occupies a significant portion of the room's floor space.
